

The Hilton Anatole Hotel Announces New Resort-Style Pool Complex

Multi-Million Dollar Facility to Open for Summer 2016

DALLAS, TEXAS, October 2015 – The Hilton Anatole is excited to announce the addition of an upscale, resort-style pool complex to the iconic 1,606-room hotel located in Dallas' Design District. Set to break ground in late October 2015, the estimated \$15 million project will convert a portion of the hotel's seven-acre Sculpture Park and Tennis Courts into a world-class water facility, unparalleled in North Texas. Designed to attract leisure and family guests throughout the summer season, the project will encompass approximately three acres and include multiple heated swimming pools and recreation areas, as well as enhanced walking paths and green spaces. New food and beverage options will also be added in the form of a new outdoor restaurant and bar, as well as a separate 16-seat swim-up bar. The project is scheduled for completion by mid-May 2016.

The project's sophisticated design, architecture and landscaping will draw inspiration from the modern Asian influences present throughout the Hilton Anatole Hotel. Comprised of a leisure pool, beach-entry family pool, lazy river, luxury cabanas, and splash zone with two 30-foot slides, the new addition will offer a relaxed upscale atmosphere complete with artwork displayed throughout the pool area. The full complex will be open from Memorial Day through Labor Day each year, with the leisure pool operation year round.

The project will also include two new event lawns, each with the capacity to hold 200 people, complementing the hotel's existing park space and ability to host large outdoor functions for up to 3,000 people. Groups will also be able to utilize the poolside space for beautiful alfresco receptions outside of peak summer months.

"The Hilton Anatole Hotel is nationally renowned for our unique ability to balance resort-style amenities with an abundance of meeting space and capacity to groups of all sizes," says Harold Rapoza, General Manager. "This new addition will further set us apart from our competition, solidifying the Hilton Anatole as the premiere hotel choice for guests seeking an exceptional visit to Dallas and its many attractions during the summer months."

There will be no interruption to regular hotel operations and the guest experience will remain unhindered throughout the projected eight-month building process. Guests will continue to enjoy optional access to the Verandah Club fitness center and its indoor whirlpools and lap pool in the interim.

A celebrated landmark within the Dallas community, The Hilton Anatole looks forward to unveiling this exciting new experience for both group and leisure guests. As the project progresses, updates and images will be available at AnatolePool.com. Booking is available now for Summer 2016 with rates starting at just \$189 per night.

About Hilton Anatole

Located within a 45-acre campus, the Hilton Anatole Hotel features two high-rise atriums; a 27-story tower; and 1,606 luxuriously appointed guestrooms with first-class in-room amenities and wired Internet access.
